However, it has been observed that the participation by the public non-institutional shareholders /retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

**INDEPENDENT AUDITORS' REPORT
TO THE MEMBERS OF OMNITEX INDUSTRIES (INDIA) LIMITED**

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the financial statements of **Omnitex Industries (India) Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2022, and the Statement of Profit and Loss, Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "**the financial statements**").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2022, and loss and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on these financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified in the Companies (Indian Accounting Standards) Rules, 2015 (as amended) under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities;

Omnitex Industries (India) Limited

selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work: and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other matters

The financial statement of the company for the year ended 31st March 2021 were audited by the predecessor auditor, Tembey & Mhatre, Chartered Accountants, who have expressed an unmodified opinion on those financial statements, vide their audit report dated June 30, 2021.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company’s internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to financial statement includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditure of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls were operating effectively as at 31st March, 2022, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Company’s shares are listed on Bombay Stock Exchange. The Company is presently engaged in trading of fabrics and yarn.

The financial statements were approved by the Board of Directors and authorized for issue on 30th May, 2022.

2. Basis of Preparation and Measurement**A) Basis of Preparation**

The financial statements are prepared in accordance with and in compliance, in all material aspects, with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the “Act”) read along with Companies (Indian Accounting Standards) Rules, as amended and other provisions of the Act. The presentation of the Financial Statements is based on Ind AS Schedule III of the Companies Act, 2013.

B) Basis of Measurement

The financial statements have been prepared on an accrual basis and in accordance with the historical cost convention, unless otherwise stated. All assets and liabilities are classified into current and non-current generally based on the nature of product / activities of the Company and the normal time between acquisition of assets / liabilities and their realisation / settlement in cash or cash equivalent. The Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

3. Valuation of Inventories:

Inventories are valued at Lower of Cost and Net Realisable Value. Cost comprises all cost of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition. The cost is arrived at on First In First Out (FIFO) basis. Due allowance is estimated and made for defective and obsolete items, wherever considered necessary.

4. Property, Plant and Equipment:

- Property, plant and equipment are stated at historical cost less depreciation and impairment loss, if any.
- Historical cost includes expenditure that is directly attributable to the acquisition of the items.
- Subsequent costs are included in the asset’s carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.
- All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred

5. Investment Property:

- Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property.
- Investment property is measured initially at its cost, including related transaction costs and borrowing costs where applicable.

Omnitex Industries (India) Limited

- Subsequent expenditure is capitalized to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably.
- All other repairs and maintenance costs are expensed when incurred.
- Investment properties are depreciated using the straight line method over their estimated useful lives which is 60 years.

6. Impairment of assets:

- At each balance sheet date, the Company reviews the carrying value of assets for any possible impairment.
- An impairment loss is recognized when the carrying amount of an asset exceeds its recoverable amount.
- The recoverable amount is determined as higher of the asset's fair value less costs of disposal and value in use.
- For the purpose of assessing impairment, assets are grouped at the levels for which there are separately identifiable cash flows (cash generating unit). Assessment is done at each Balance Sheet date as to whether there is any indication that an impairment loss recognized for an asset in prior accounting period may no longer exist or may have decreased, and in such cases the impairment loss is reversed to that extent.

7. Financial Assets / Liabilities:

A. Financial Assets

Initial recognition and measurement

- All financial assets are recognized initially at fair value plus transaction costs that are attributable to the acquisition of the financial asset, except in the case of financial assets not recorded at fair value through profit or loss.
- Transaction costs of financial assets carried at fair value through profit or loss are expensed through the Statement of Profit and Loss.

Subsequent measurement

- o For purposes of subsequent measurement, the Company classifies its financial assets in the following measurement categories:
 - those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
 - those measured at amortized cost.
- o The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.
- o For assets measured at fair value, gains and losses will either be recorded in Statement of Profit and Loss or other comprehensive income.
- o For investments in debt instruments, this will depend on the business model in which the investment is held.
- o For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income. Fair value of the unquoted shares is determined based on the income approach or the comparable market approach. For these unquoted investments categorized under Level 3, their respective cost is considered as an appropriate estimate of fair value if wide range of possible fair value measurement exists and cost represents the best estimate of fair value with that range.

Derecognition

- A financial asset is derecognized only when the rights to receive cash flows from the financial asset have expired, or the Company has transferred its rights to receive cash flows from the financial asset or has assumed an obligation to pay the received cash flows to one or more recipient.
- Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized.
- Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.
- Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

B. Financial Liabilities

- Classification as liability or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

- Initial recognition and measurement

Financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortized cost unless at initial recognition, they are classified at fair value through profit or loss.

- Subsequent measurement

Financial liabilities are subsequently measured at amortized cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognized in the Statement of Profit and Loss.

- Derecognition

A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expires.

8. Borrowing Costs:

- General and Specific Borrowing Costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use.
- Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use.
- All other borrowing costs are expensed in the period in which they are incurred.

9. Depreciation:

- Depreciation is calculated using the Straight Line Method to allocate cost, net of estimated residual value over its estimated useful life.
- The useful lives and residual values are as prescribed under Schedule II to The Companies Act, 2013.
- Gains and Losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

10. Foreign Currency Transactions:

- Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions.
- Realized gains and losses on settlement of foreign currency transactions are recognized in the Statement of Profit and Loss.
- Foreign currency denominated monetary assets and liabilities at the year end are translated at the year-end exchange rates, and the resultant exchange difference is recognized in the Statement of Profit and Loss.
- Non-monetary foreign currency items are carried at cost.

11. Revenue Recognition:

- Revenue from sale of goods is recognized when all significant risk and rewards in the ownership of the goods are transferred to the buyer and it is probable that the future economic benefit will flow to the entity as per the terms of the contract, which usually coincide with the delivery of the goods.
- Revenue from sale of goods is recognized in the Statement of Profit and Loss, net of returns, Trade Discounts, Goods and Services Tax and other taxes as may be applicable.
- Rental income from operating leases is recognized in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. In such cases the revenue is recognized as per the terms of the Agreement. The respective leased assets are included in the balance sheet based on their nature.
- Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on time basis, by reference to the principal outstanding and at the effective interest rate applicable.
- Dividend income from investments is recognized when the right to receive dividend has been established.

12. Employee Benefits:

Short Term Employee Benefits

Liabilities for salaries, wages and other benefits including non-monetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefits obligations in the Balance Sheet.

Long Term Employee Benefits

Defined Contribution Plans

Contribution to defined contribution plans such as Provident Fund, are charged to the Statement of Profit and Loss as incurred, as the Company has no further obligation beyond making these contributions.

13. Taxation:

- Tax expense for the period, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the period. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with prevailing income tax law.
- Deferred tax is recognized for all the temporary differences by using the liability method, only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.
- Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date.
- At each Balance Sheet date, the Company reassesses unrecognized deferred tax assets, if any.

14. Provisions

- The Company recognizes a provision when there is a present legal or constructive obligation as result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation.
- Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period.

15. Contingent Liabilities and Contingent Assets

- A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.
- Contingent Assets are neither recognized nor disclosed in the financial statements.

16. Earnings Per share

Basic Earnings per Share

Basic earnings per share is calculated by dividing:

the profit attributable to owners of the Company by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

Diluted Earnings per share

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

5. Financial risk management

Company's activities expose it to credit risk, liquidity risk and market risk. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and its impact on the financial statements

(i) Credit Risk

Credit risk refers to the risk that the counterparty will default on its contractual obligations resulting in financial loss to the Company. The credit risk arises from trade receivables, security deposits, cash and cash equivalents and deposits with banks.

Trade receivables

The company supplies yarn / fabric to customers. Concentrations of credit risk with respect to trade receivables are limited as majority credit sales are made to high credit worthy entities. All trade receivables are reviewed and assessed for default on regular basis. Our historical experience of collecting receivables, supported by the level of default, is that credit risk is low.

For trade receivables, except for specifically identified cases, Company follows a simplified approach where provision is made as per the ageing buckets which are designed based on historical facts and patterns.

B. Measurement of fair values

Valuation techniques and significant unobservable inputs

The Fair Value of financial assets included is the amount at which the instrument could be exchanged in a current transaction between willing parties. The following methods and assumptions were used to estimate the fair value.

1. Fair value of the unlisted shares (Refer Note 1.12) are determined based on the income approach or the comparable market approach. For these unquoted investments categorised under Level 3, their cost has been considered as an appropriate estimate of fair value because of wide range of possible fair value measurements and cost represents the best estimate of fair value within that range.
2. The Company has not disclosed the fair value of financial instruments such as trade receivables, trade payables, etc. because their carrying amounts are a reasonable approximation of fair value.
3. Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data. Financial instruments such as unlisted equity shares, loans are included in this hierarchy.
4. The management considers that the carrying amount of financial liabilities carried as amortised cost approximates their fair value.

10. Ratios

Trade receivable turnover	Revenue from operations	Average trade receivables (*)	2,552.87	30.20	8,353.21

Return on capital employed	EBIT	Average equity + Average debt (*)	(4.11)	(2.69)	(52.79)
Return on investment	Income generated from invested funds	Average invested funds (*)	NA	NA	NA

(*) Average = (opening + closing)/2.

(**) Reasons for variation. The revenue from operations reduced substantially in the current year, which has affected all the above ratios. There is an increase in current borrowings which has also affected the ratios connected with the same.

11. The figures of the previous year have been regrouped / reclassified, wherever necessary, to conform to the current year's presentation.
